## DIRECTORS' REPORT

## For the period from 4 November 2013 (date of incorporation) to 31 December 2014

The Directors submit their report together with the audited financial statements of Iridian UCITS Fund plc (the "Company") for the period from 4 November 2013 (date of incorporation) to 31 December 2014.

## Statement of Directors' responsibilities for the Financial Statements

Irish company law requires the Directors to prepare financial statements for each financial period that give a true and fair view of the state of affairs the Company and of the profit of the Company for that period. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper books of account which disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union and comply with Irish statute comprising the Companies Acts, 1963 to 2013 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the "UCITS Regulations"). They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The responsibility for safeguarding the assets of the Company has been delegated to the Custodian.

## Business review and principal activities

The Company is an umbrella type open-ended Investment Company with variable capital and limited liability incorporated on 4 November 2013 under the laws of Ireland with segregated liability between its sub-funds. The Company is authorised in Ireland by the Central Bank of Ireland pursuant to the UCITS Regulations. The Company currently has one active sub-fund, Iridian U.S. Equity Fund (the "Sub-Fund"). The business of the Company and of the Sub-Fund is reviewed in detail in the Investment Manager's Report on page 6.

## Review of Development of the business and future developments

The change in the net asset value for the period is a key indicator of the performance of the Company. A detailed review of the business and future developments is included in the Investment Manager's Report on page 6.

## Risk management objectives and policies

The principal risks and uncertainties which the Company face relate to the use of financial instruments and are listed in Note 12 "Risks associated with financial instruments". The investment objective of the Company is disclosed in Note 1 "Organisation".

## Results

The results of operations are set out in the Statement of Comprehensive Income on page 12.

## Subsequent events

Significant events since the end of the period are disclosed in Note 16 "Subsequent events".

## **Dividends**

No dividend was paid or proposed during the period.

## Directors

The Directors that served during the period are listed on page 1. There were no changes to the Directors within the period.

## **DIRECTORS' REPORT (CONTINUED)**

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

At the date of this Report, the Directors or connected persons have no beneficial or non-beneficial interests in the shares of the Company.

Statement of Corporate Governance

The Irish Funds Industry Association ("IFIA") published a corporate governance code ("IFIA Code") in December 2011 that may be adopted on a voluntary basis by Irish authorised collective investment schemes. The IFIA Code has been adopted by the Company with an effective date of 16 December 2013. During the period under review, the Company has met the requirements of the IFIA Code, with one exception. Directors who reside abroad may attend board meetings via telephone conference, but would be expected to attend at least one board meeting per year in person. In the case of one Director, attendance was by telephone conference but not in person during the period. The Board of Directors is satisfied that the requirement will be met going forward.

## **Connected Parties**

The Directors are satisfied that there are adequate arrangements in place to ensure that all transactions with connected parties, namely the promoter, manager, custodian, investment advisor and associated or group companies of these, are carried out as if negotiated at arm's length and in the best interests of the shareholders as required by UCITS Notice 14.5. The Directors are satisfied that transactions with connected parties entered into during the period were carried out on this basis.

Shareholders should be aware that not all "connected parties" as defined by the UCITS Regulations are "related parties" as defined by IAS 24, "Related Party Disclosures".

## **Books of Account**

The Directors have ensured that the proper books and records requirements under Section 202, Companies Act 1990 have been complied with by outsourcing this function to a specialist provider of such services. The books of account are held by SEI Investment - Global Fund Services Limited or at the Company's registered office which is 2<sup>nd</sup> Floor, Beaux Lane House, Mercer Street Lower, Dublin 2, Ireland.

**Independent Auditors** 

Deloitte, Chartered Accountants, have been appointed as auditors in accordance with section 160(2) of the Companies Act, 1963.

On Behalf of the Board of Directors

# CUSTODIAN'S REPORT TO THE SHAREHOLDERS OF IRIDIAN UCITS FUND PLC (The "Company")

We have enquired into the conduct of Iridian UCITS Fund plc (the 'Company') for the period from 4 November 2013 (date of incorporation) to 31 December 2014, in our capacity as Custodian to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company, in accordance with the Central Bank of Ireland UCITS Notice 4 (as amended), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

## Responsibilities of the Custodian

Our duties and responsibilities are outlined in the Central Bank of Ireland UCITS Notice 4. One of those duties is to enquire into the conduct of the Company in each annual accounting year and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that year in accordance with the provisions of the Company's Memorandum and Articles of Association and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Custodian must state why this is the case and outline the steps which we have taken to rectify the situation.

## **Basis of Custodian Opinion**

The Custodian conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in UCITS Notice 4 and to ensure that, in all material respects, the Company has been managed:

- (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of its constitutional documentation and the appropriate regulations; and
- (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

## Opinion

In our opinion, the Company has been managed during the period, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Memorandum and Articles of Association and by the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the "UCITS Regulations"); and
- (ii) otherwise in accordance with the provisions of the Memorandum and Articles of Association and the Regulations.

## INVESTMENT MANAGER'S REPORT

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

During the period from inception to 31 December 2014, the Sub-Fund's Class I USD (A) shares returned 15.39% (net of fees), compared to the benchmark, the Russell 1000 Index, which returned 14.56%.

## Performance Review

The top three contributors to relative performance during the reporting period were Avis Budget Group Inc., Hewlett-Packard Co., and Delta Air Lines Inc., while the three largest detractors were Theravance Inc., FMC Corp., and Phillips 66.

The portfolio benefited most from stronger stock selection in the Industrials, Energy, and Consumer Discretionary sectors. However, the portfolio's performance was most negatively impacted by the: (i) weaker stock selection in the Health Care sector (the benchmark's 2nd best performing sector of ten); and (ii) overweight allocation to the Materials sector (the 8th best sector).

As we enter 2015, we face a complex and challenging investment landscape: despite solid US growth, the rest of the world appears to be decelerating; QE is no longer a factor domestically, but has entered the picture in Europe, and we are awaiting the Federal Reserve's next move with regard to the need to raise rates. Separately, the breathtaking collapse in energy prices will surely have consequences, positive and negative, that will take a while to play out.

Last year, we raised the prospect that markets could undergo a period of consolidation after several years of strong performance. While that turned out to be true for small cap stocks, the S&P 500 achieved its third straight year of double digit performance and sixth straight positive year. Nevertheless, we continue to believe the broader market could undergo a period of consolidation in 2015. Counterbalancing this potentially negative influence on the market is a continuation of the same factors we highlighted last year: high levels of corporate cash, significant unallocated private equity commitments, abundant availability of corporate debt at low rates and attractive terms, and the unprecedented prominence of shareholder "activists". Due to these factors, 2014 saw resurgence in M&A activity, which we expect will continue in 2015, along with a strong flow of corporate spin-offs, divestitures and buybacks.

# INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF IRIDIAN UCITS FUND PLC

We have audited the financial statements of Iridian UCITS Fund Plc for the period ended 31 December 2014 which comprise the Schedule of Investments, the Statement of Financial Position, the Statement of Comprehensive Income, the Statement of Changes in Net Assets Attributable to Holders of Participating Shares, the Statement of Cash Flows and the related notes 1 to 18. The financial reporting framework that has been applied in their preparation is Irish law and International Financial Reporting Standard (IFRS) as adopted by the European Union.

This report is made solely to the Company's shareholders, as a body, in accordance with Section 193 of the Companies Act, 1990. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the financial statements giving a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with Irish law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report and Audited Financial Statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

## **Opinion**

In our opinion the financial statements:

- give a true and fair view, in accordance with IFRS as adopted by the European Union, of the state of the affairs of the Company as at 31 December 2014 and of the results for the year then ended; and
- have been properly prepared in accordance with the Companies Acts, 1963 to 2013, and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011.

# INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF IRIDIAN UCITS FUND PLC

## Matters on which we are required to report by the Companies Acts, 1963 to 2013

- We have obtained all the information and explanations which we consider necessary for the purpose of our audit.
- In our opinion proper books of account have been kept by the Company.
- The Company's Statement of Financial Position and the Statement of Comprehensive Income are in agreement with the books of account.
- In our opinion the information given in the Directors' Report is consistent with the financial statements.

## Matters on which we are required to report by exception

We have nothing to report in respect of the provisions in the Companies Acts 1963 to 2013 which require us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by law are not made.

## 1. Organisation

Iridian UCITS Fund plc (the "Company") was incorporated on 4 November 2013 and is an investment company established as an open-ended umbrella fund with variable capital and segregated liability between its sub-funds under the laws of Ireland as a public limited company pursuant to the Companies Acts, 1963 to 2013 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the "UCITS Regulations") and has been authorised by the Central Bank of Ireland as a UCITS. Notwithstanding the segregation of assets and liabilities between the sub-funds, the Company is a single legal entity and no sub-fund constitutes a legal entity separate from the Company itself.

The Company currently has one active sub-fund, the Iridian U.S. Equity Fund (the "Sub-Fund"). The Iridian U.S. Equity Fund was launched on 19 December 2013.

This Sub-Fund was registered for distribution in the following jurisdictions during the reporting period:

- Denmark 16 January 2014

Additional sub-funds may be added to the Company by the Directors from time to time with the prior approval of the Central Bank of Ireland, each with a separate investment objective and policies. The Company may issue shares of more than one class in each sub-fund.

The Company has appointed Iridian Asset Management LLC as the Investment Manager.

The investment objective of the Sub-Fund is to provide long-term capital appreciation. The Sub-Fund will seek to achieve its objective by investing primarily in U.S. publicly traded equity securities. The Sub-Fund may also invest a portion of its assets in equity securities of non-U.S. issuers located primarily in the various developed countries of Europe and Asia. The Sub-Fund will typically hold 40 to 60 securities.

## 2. Accounting Policies

## **Statement of Compliance**

The Company's financial statements have been prepared in accordance with International Financial Reporting Standards, as adopted by the European Union ("IFRS").

The significant accounting policies adopted by the Company are as follows:

## (a) Basis of Accounting

The financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 2. Accounting Policies - (continued)

## (b) Basis of Preparation

The preparation of financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The areas involving a higher degree of judgement or complexity or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2(h). Management believes that the estimates utilised in preparing its financial statements are reasonable and prudent.

The financial statements are prepared in U.S. Dollars ("US\$"), the functional currency of the Company.

# (c) New Standards, Amendments and Interpretations issued but not effective for the financial year beginning 4 November 2013 and not early adopted

IFRS 9, 'Financial instruments', effective for annual periods beginning on or after 1 January 2018, specifies how an entity should classify and measure financial assets and liabilities, including some hybrid contracts. The standard improves and simplifies the approach for classification and measurement of financial assets compared with the requirements of IAS 39, "Financial Instruments: recognition and measurement". Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged. The standard applies a consistent approach to classifying financial assets and replaces the numerous categories of financial assets in IAS 39, each of which had its own classification criteria. The standard is not expected to have a significant impact on the Company's financial position or performance, as it is expected that the Fund will continue to classify its financial assets and financial liabilities (both long and short) as being at fair value through profit or loss.

There are no other standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the Company.

## (d) Financial assets and financial liabilities at fair value through profit or loss

## (i) Classification

All financial assets and liabilities categorised as financial assets and liabilities at fair value through profit or loss are held for trading. Financial assets or liabilities held for trading are acquired or incurred principally for the purpose of selling or repurchasing in the short term.

## (ii) Recognition/derecognition

Regular-way purchases and sales of investments are recognised on trade date - the date on which the Sub-Fund commits to purchase or sell the asset. Investments are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Fund has transferred substantially all risks and rewards of ownership.

## (iii) Measurement

Investments are initially recognised at fair value. Transaction costs for all financial assets and financial liabilities carried at fair value through profit or loss are expensed in the Statement of Comprehensive Income as part of net gains/losses on financial assets and liabilities at fair value through profit or loss as incurred.

After initial measurement, the Company measures financial instruments which are classified as at fair value through profit or loss, at their fair values. The fair value of financial instruments is based on their quoted market prices on a recognised exchange or sourced from a reputable broker/counterparty, in the case of non-exchange traded instruments, at the Statement of Financial Position date without any deduction for estimated future selling costs. Financial assets and liabilities are priced at a price between their current bid and ask prices.

The fair value of investments traded on a market is based on their last traded price on the date of determination, on the market where such instruments are principally traded. Where such investment is quoted, listed or traded on or under the rules of more than one market, the Directors shall in their absolute discretion, select the market, which in their opinion, constitutes the main market for such investment for the foregoing purposes.

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 2. Accounting Policies - (continued)

## (iv) Forward Foreign Currency Contracts

A forward contract is an agreement between two parties to buy or sell a currency at a set price on a future date. The market value of a forward currency contract fluctuates with changes in forward currency exchange rates. Forward currency contracts are marked-to-market and the change in value is recorded by the Sub-Fund as an unrealised gain or loss. Realised gains or losses equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed are recorded upon delivery or receipt of the currency or, if a forward currency contract is offset by entering into another forward currency contract with the same broker, upon settlement of the net gain or loss. Realised and unrealised gains or losses are accounted for in the Statement of Comprehensive Income. Forward foreign currency contracts are used for hedging purposes.

## (e) Cash and Cash Equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short term, highly liquid investments with original maturities of three months or less and bank overdrafts.

## (f) Income Recognition

Investment income is reported gross of withholding tax. Dividends are recognised as income on the dates the securities are first quoted "ex dividend" to the extent that information thereon is reasonably available to the Company. Fixed interest, bank deposit interest and other income are accounted for on an effective interest basis.

### (g) Finance Costs

Distributions to holders of redeemable shares are recognised in the Statement of Comprehensive Income as finance costs in the period in which the dividend is declared.

## (h) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the period. Actual results could differ from those estimates.

## (i) Foreign Currency

The Company's functional currency for all operations is the U.S. Dollar. Non-monetary foreign assets and liabilities are translated at historical rates and monetary foreign assets and liabilities are translated at exchange rates in effect at the end of the period.

Transactions during the period, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction.

The Company does not isolate that portion of the results of operations resulting from the changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of investments held. Such fluctuations are included with the net realised gains and losses from investments.

## (j) Realised Gains and Losses on Investments

Realised gains and losses on sales of investments are calculated based on a first-in, first-out basis. The associated foreign exchange movement between the date of purchase and the date of sale on the sale of investments is included in Net Gains on financial assets at fair value through profit or loss in the Statement of Comprehensive Income.

Movement in unrealised gains and losses on investments arising during the period are also included in Net gains on financial assets at fair value through profit and loss in the Statement of Comprehensive Income.

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 2. Accounting Policies - (continued)

## (k) Participating Shares

All participating shares issued by the Company provide the investors with the right to require redemption for cash at the value proportionate to the investor's share in the Company's net assets at the redemption date. The participating shares which comprise the capital of the Company are in substance a liability of the Sub-Fund to shareholders under IAS 32 "Financial Instruments: Presentation".

In accordance with the Prospectus, the Company is contractually obliged to redeem shares at the net asset value per share, less any applicable charge.

## (l) Expenses

All expenses, including management fees are recognised in the Statement of Comprehensive Income on an accruals basis.

## (m) Offsetting Financial Instruments

As at 31 December 2014, the Sub-Fund holds no derivative instruments or other financial instruments that are eligible for offsetting in the Statement of Financial Position, apart from the Forward Foreign Currency Contacts that are used by the Sub-Fund for hedging purposes.

## 3. Net gains on financial assets at fair value through profit or loss

	69,533,637

## 4. Taxation

Under current law and practice, the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or gains.

However, Irish tax may arise on the happening of a "chargeable event". A chargeable event includes any distribution payments to shareholders, any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares.

No Irish tax will arise on the Company in respect of chargeable events in respect of:

- (a) a shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Company or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- (b) certain exempted Irish tax resident shareholders who have provided the Company with the necessary signed statutory declarations.

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 4. Taxation - (continued)

The Finance Act 2010 provides that the Revenue Commissioners may grant approval for investment funds marketed outside of Ireland to make payments to non-resident investors without deduction of Irish tax where no relevant declaration is in place, subject to meeting the "equivalent measures". A fund wishing to receive approval must apply in writing to the Revenue Commissioners, confirming compliance with the relevant conditions.

Dividends, interest and capital gains (if any) received on investments made by the Company may be subject to taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

## 5. Share Capital

### Authorised

The authorised share capital of the Company is 300,000 redeemable non-participating shares of no par value and 500,000,000,000 participating shares of no par value.

## Non-participating shares

There is one non-participating share currently in issue, held by an individual nominee in trust for the Investment Manager. The subscriber share does not form part of the net asset value of the Company and is thus disclosed in the financial statements by way of this note only. In the opinion of the Directors, this disclosure reflects the nature of the Company's business as an investment company.

## Participating shares

The issued participating share capital is at all times equal to the net asset value of the Company. The movement in the number of participating shares for the period ended 31 December 2014 are as follows:

## 6. Fees and Expenses

## Investment Management Fee

Iridian Assets Management LLC (the "Investment Manager") is entitled to receive out of the net assets of the Sub-Fund an investment management fee calculated as a percentage of the Net Asset Value of the Sub-Fund, accrued and calculated at each valuation point and payable monthly in arrears as follows:

## Iridian U.S. Equity Fund

Class I USD (A)	1.25% p/a
Class IP USD (A)	1.00% p/a
Class I USD (D)	1.25% p/a

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 10. Related Party Disclosure and Connected Party Transactions

The Investment Manager has earned Investment Management fees, the specific details of which are contained in Note 6.

Mr Fergus McKeon is a consultant at Maples and Calder, a firm which provides legal and consultancy services to the Company. Fees earned by Maples and Calder during the period ended 31 December 2014 were US\$63,402 of which US\$12,917 were payable at period end. These costs are included in other expenses and in organisational expenses in the Statement of Comprehensive Income.

SEI Investments - Global Fund Services Limited acts as Administrator and Transfer Agent to the Company.

SEI Investments Trustee and Custodial Services (Ireland) Limited acts as Custodian to the Company.

Details of the fees earned by the Administrator and Custodian to the Company are contained in Note 6.

The Directors are satisfied that there are adequate arrangements in place to ensure that all transactions with connected parties, namely the promoter, manager, custodian, investment advisor and associated or group companies of these, are carried out as if negotiated at arm's length and in the best interests of the shareholders as required by UCITS Notice 14.5. The Directors are satisfied that transactions with connected parties entered into during the period were carried out on this basis.

Shareholders should be aware that not all "connected parties" as defined by the UCITS Regulations are "related parties" as defined by IAS 24, "Related Party Disclosures".

## 11. Distributions

The Directors did not declare any dividends for the period from 4 November 2013 to 31 December 2014.

## 12. Risks associated with financial instruments

The Sub-Fund has exposure to the following specific risks from financial instruments:

- market risk (including price risk, currency risk and interest rate risk);
- · credit risk; and
- liquidity risk.

## (a) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market variables such as investment prices, foreign exchange rates and interest rates. The likelihood of these types of adverse changes and the extent to which they affect the business of the Sub-Fund cannot always be accurately predicted.

## (i) Price Risk

Price risk is the risk that the value of an investment may fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment or all factors affecting all instruments traded in the market.

The Investment Manager attempts to mitigate this risk by maintaining a diverse portfolio. As of 31 December 2014 the Sub-Fund had 42 positions with the top five being less than 23% of net assets.

The Sub-Fund also attempts to mitigate risk by diversifying its investments across multiple industries. As of 31 December 2014, the Sub-Fund was invested in 6 industries with the highest industry exposure being 22% of net assets.

For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 12. Risks associated with financial instruments – (continued)

If the price of the equity investment in the Sub-Fund's portfolio as at 31 December 2014 increased by 10%, this would have resulted in an increase of US\$131.5 million in the net assets of the Sub-Fund. A decrease would have resulted in an equal but opposite movement. 10% is deemed a reasonable estimate of the price movements in the portfolio.

## (ii) Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. As at 31 December 2014, the Sub-Fund does not hold any securities or other investments denominated in currencies other than the functional currency of the Company.

### (iii) Interest Rate Risk

As at 31 December 2014, the Company has little exposure to interest rate risk. The Company has no exposure to interest rate sensitive instruments such as fixed income securities. The cash balances held, while subject to interest rate risk, are a small fraction of the total assets of the Company.

## (b) Liquidity Risk

This is the risk that a lack of a market in certain portfolio securities could prevent the Sub-Fund from liquidating unfavourable positions or prevent the Sub-Fund from funding redemption requests from existing shareholders or meeting other obligations associated with its liabilities. As at 31 December 2014, the Sub-Fund's investments are all readily realisable (within one month).

The following tables detail the Sub-Fund's remaining contractual maturity for its financial liabilities.

Iridian U.S. Equity Fund 31 December 2014	Less than 1 month	1 month to 3 months	3 months to 12 months	Total

## (c) Credit Risk

The Sub-Fund currently holds its assets and its cash and cash equivalent with BNP Paribas (the "Sub-Custodian"), whose credit rating as at 31 December 2014 from Moody's was A1. Insolvency or bankruptcy of the Custodian or the Sub-Custodian may cause the Company's rights with respect to its assets held by the Custodian or the Sub-Custodian to be delayed or limited. There has been no change in the rating of the Sub-Custodian since 31 December 2014.

# NOTES TO THE FINANCIAL STATEMENTS For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 13. Fair value estimation

For fair value measurements recognised in the Statement of Financial Position, IFRS 13 "Fair Value Measurement" requires certain fair value disclosures for each class of financial instruments. For this purpose, IFRS 13 requires an entity to classify fair value measurements into a fair value hierarchy, with the following levels, by reference to the observability and significance of the inputs used in the making the measurement.

For a fair value measurement of a financial instrument to be classified in Level 1 of the hierarchy, it should be observable directly in an active market for the same instrument.

Fair value measurement in Levels 2 and 3 of the hierarchy are determined using valuation techniques. The level in the hierarchy into which a financial instrument's fair value measurement is classified in its entirety and is determined by reference to the observability and significance of the inputs used in the valuation model. Valuation techniques often incorporate both observable inputs and unobservable inputs.

Fair value measurements determined using valuation techniques are classified in their entirety in either Level 2 or 3 based on the lowest level input that is significant to the measurement. That is, if the model uses both observable and unobservable inputs, the fair value measurement is classified in Level 3 if the unobservable inputs are significant to their fair value measurement in its entirety. This assessment is made independently of the number or the quality of the Level 2 inputs used in the model.

Differentiating between Level 2 and Level 3 fair value measurements, i.e., assessing whether inputs are observable and whether the unobservable inputs are significant, may require judgement and a careful analysis of the inputs used to measure fair value, including consideration of factors specific to the asset or liability.

The following tables provide an analysis within the fair value hierarchy of the Company's financial assets and liabilities, measured at fair value at 31 December 2014:

Iridian U.S. Equity Fund 31 December 2014	Level 1 Quoted Prices In Active Markets USS	Level 2 Significant Other Observable Inputs US\$	Level 3 Significant Other Unobservable Inputs US\$	Total US\$

## 13. Fair value estimation – (continued)

There were no transfers between levels for securities held during the period ended 31 December 2014.

Policies regarding fair value measurement are included in Note 2 to the Financial Statements.

## 14. Write-off of organisation expenses

According to the Prospectus, the expenses incurred in connection with the establishment, organisation and authorisation of the Company ("organisation expenses") will be amortised over the period of 5 years. The Dealing NAV of the Sub-Fund is calculated each month on this assumption.

According to IFRS, organisation expenses cannot be amortised and must be expensed as incurred. Therefore there is a difference between the dealing NAV as of 31 December 2014 and the NAV as per these financial statements, which are prepared in accordance with IFRS.

As at 31 December 2014, the difference between the two approaches described above resulted in a decrease to the NAV of the Sub-Fund as per these financial statements:

31 December 2014 US\$

Iridian U.S. Equity Fund

99,200

The movement in the adjustment is recognised in the Statement of Comprehensive Income:

4 November 2013 -31 December 2014 US\$ 99,200

Iridian U.S. Equity Fund

## 15. Foreign exchange rates

As of 31 December 2014 the following exchange rates were used in the preparation of these financial statements:

USD/EUR 0.8264 USD/GBP 0.6416

## 16. Subsequent events

The Supplement for the Iridian U.S. Equity Fund was updated as at 23 February 2015.

Iridian UCITS Fund plc

# NOTES TO THE FINANCIAL STATEMENTS For the period from 4 November 2013 (date of incorporation) to 31 December 2014

## 17. Efficient Portfolio Management

During the period ended 31 December 2014, the Sub-Fund used Forward Foreign Currency Contract to hedge the currency risk related to share classes issued in a currency different from the base currency of the Sub-Fund. The Forward Foreign Currency Contracts were not therefore used for investment purposes or for efficient portfolio management purposes. These contracts do not constitute a hedging relationship for hedge accounting in accordance with IAS 39.

During the period ended 31 December 2014, the Sub-fund was not involved in repurchase agreements or securities lending.

## 18. Approval of financial statements

The financial statements were approved and authorised for issue by the Directors on 23 April 2015.
